

What we do

NihaoPay is dedicated to helping International Companies do business with Chinese consumers. Our team brings together the best of Silicon Valley and China to give you one point of contact to ensure you are offering the right payment solution(s) to your customers.

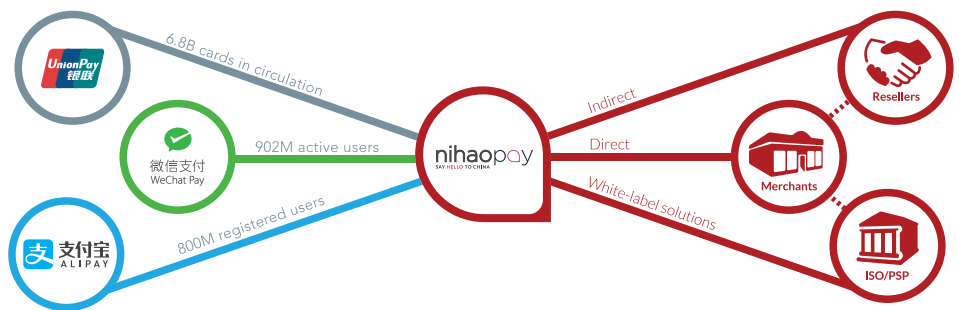

As the first 3-in-1 China mobile payment service provider in the US, NihaoPay supports thousands of merchants in various industries across five continents. With our secured payment solutions for online and offline, we help our merchants gain easy access to at least 527 million active payment users in the Chinese market.

Add NihaoPay to your existing checkout process and open your door to an untapped market.

Who our partners are

- NihaoPay is the 'principle member' of **UnionPay**, covering 13 countries and areas since 2014.
